

Prince Edward Home

75 Maypoint Road
Charlottetown, PEI

This building will replace the former Prince Edward Home which was built in 1932. This combined long-term care facility includes respite, transition, palliative, restorative/convalescent and “under 60” care for Islanders. This building is located on six hectares near the Upton Farm Property in Charlottetown.

APM is the construction management team for this project. It is expected to open in 2013.

Size: 88,750 square footage

Budget: +/- \$18,000,000

Type: New Build
